

Information on project outlines for the regular funding line

In our regular funding line, we support projects to improve medical training and/or direct patient care in developing countries (see [OECD DAC-Länderliste](#)). Countries and regions with acts of war, a difficult security situation, unstable political conditions, military rule in a dominant form including fundamental and human rights violations are excluded. As situations are constantly changing, we do not have a list of countries that we exclude for these reasons. Please enquire individually.

Prior to the submitting a full proposal, a maximum 2-page project outline (DIN A4, Arial 10, single-spaced) in German or English should be submitted after consultation by e-mail or telephone. After review by the EKFS committees, a full proposal can be submitted if necessary.

The project outline should contain the following data in the header (one line each):

- Project title and country
- Name of the applying organisation and the person authorised to represent it
- Funding amount requested (own contribution is desired)
- Desired duration (in months)
- Previous funding (if yes, with the EKFS project number and funding amount)

The project outline should have the following structure and content:

1. Background (max. ½ page)

- Brief introduction of the applicant organisation
- Description of the problem that is the subject of the funding
- Backed up with data to show the extent of the problem
- Description of what the respective government is doing to address the problem
- Description of where the gaps in current provision are

2. Project objective

Description of the main objective of the project in one sentence

3. Planned measures and activities (max. ½ page)

Description of the max. 5 most important measures and activities for which funding is being applied for

4. Beneficiaries (max. ¼ page)

List of – ideally in tabular and quantified form – all target groups of the project that will be affected by the implementation of the measures and/or activities described above

5. Cooperation partners (max. ¼ page)

List of all (private and public) cooperation partners who play a role in the implementation of the project

In addition to the project outline, please send us a budget overview (in euros) in Excel format. You can download the document from our website.

Send the project outline and the budget by e-mail to: antrag-humanitaer@ekfs.de

Please note that outlines can only be accepted in Word format as described above and budgets in Excel format.
